

Bankruptcy Part 3 - What happens to my student loans, tax problems, and drivers license suspension?

The articles in this part talk about bankruptcy and student loans, if you owe tax money, and if you can get your drivers license back if it was suspended.

The rules of a bankruptcy are very hard to understand and if you make a mistake you may not be able to fix it. We **STRONGLY** suggest you contact a lawyer to help you. ILS does help with bankruptcy at no cost. Private attorneys will ask for payment. Each private attorney sets her or his own price.
